

MAKES CHARGES
AGAINST MEXICOSenator Fall Alleges Outrages
Against Americans.

SENSATION IN UPPER HOUSE

New Mexican Lawmaker Cites Specific
Instances and Accuses State Depart-
ment at Washington of Failing to
Take Necessary Steps to Protect
Property or Have the Offenders
Punished.

Washington, July 23.—The senate was startled by a recital of outrages and atrocities committed by Mexicans against American citizens. Senator A. B. Fall of New Mexico addressed it for nearly three hours, giving the facts and charging specifically that the state department has refused to take steps to protect American life and property in Mexico or to punish those who have been guilty of the offenses.

Not since the days when Americans were horrified by reading the details of atrocities committed under the rule of General Weyler in Cuba has there been such a recital in the United States senate as was delivered by Senator Fall.

The senator is a Republican and a friend and supporter of President Taft, but his arraignment of the state department was so severe that at the conclusion of the speech Senator Swanson of Virginia demanded that the senate committee on foreign relations immediately investigate and report to the senate whether the charges were well founded and if so to call those officially responsible to account for them.

It was the second speech of any length that Senator Fall had made in the senate. It has been known for some time that he is the champion of an aggressive policy in dealing with Mexico and he is outspoken in favor of an invasion by the United States to restore order and protect American interests. A former justice of the supreme court of his state, a man of great legal ability, as well as a public speaker of force, Senator Fall procured close interest while he spoke.

"If the American people knew all of the facts connected with the outrages and atrocities committed on American citizens by the Mexicans," he said, "all of the troops in the United States would not be sufficient to prevent them from marching into Mexico and avenging the wrongs committed."

Y. M. C. A. SPENDS MILLIONS

Report for Year Shows How Vast Is
Organization's Work.

New York, July 23.—There are 1,744 organized bodies of the Y. M. C. A., with a total membership of 583,479, in North America, according to the year book of the association to be issued Aug. 1.

There has been a gain of 27,500 members in the last year. The value of the new buildings opened is approximately \$5,500,000, making a total value of about \$73,000,000. Further funds are now on hand and buildings which are to cost \$6,500,000 are being erected. The association expended \$10,000,000 last year in the conduct of the work.

MORE PLAGUE IN PORTO RICO

Situation Not So Favorable—Im-
provement Noted in Cuba.

Washington, July 23.—The plague situation in Porto Rico was declared by public health service officials not so favorable, while the situation in Cuba was considered satisfactory. In Porto Rico the plague has resulted in forty-two cases and twenty-three deaths to date.

The campaign against the disease is being pushed hard. Forces of rat catchers and rat poisoners are at work and 500 rats a day are being exterminated.

At Havana three cases have developed and one death has occurred to date.

ONCE HANGED IN EFFIGY

Seattle Citizens Resented One of Han-
ford's Decisions.

Seattle, July 23.—Judge Hanford, who resigned before the congressional inquiry into his conduct was finished, has been much in the public eye since Aug. 25, 1911, when, after he had issued an injunction hostile to the position of Seattle citizens in a 5-cent fare fight against a street car company, he was denounced at a great mass meeting and resolutions demanding his impeachment were adopted.

While the meeting was in progress a crowd outside hanged in effigy a stuffed figure labeled "Hanford." One of the speakers at the meeting said that he had seen Judge Hanford intoxicated in a public place.

Luckman Shot in Quarrel.

Essex, Mont., July 23.—Louis O. Luckman was shot through the abdomen by John E. Temple and probably mortally wounded as a result of a disagreement over some cattle. Both are well known stockmen. Temple is in jail and claims self-defense. He refuses to talk and details of the affair are meager.

COMMITTEE DROPS HEARING

Chairman Clayton Gives Out Long
Statement Saying That While Case
Could Still Be Pressed the Object
Sought Has Been Accomplished and
Therefore No Further Action Will
Be Taken.

Washington, July 23.—Chairman Henry D. Clayton of the house judiciary committee announced that he considered unnecessary further impeachment proceedings against Federal Judge Hanford of Washington, who resigned. In a lengthy statement Chairman Clayton declared that while congress has the power to try a federal official for impeachment even after he has resigned he did not believe that course necessary in this case.

Chairman Clayton instructed the subcommittee, now in Seattle taking testimony in the Hanford case, to discontinue its work.

He received the following message from Representative Graham, chairman of the subcommittee:

"Judge Hanford has just forwarded his resignation to the attorney general. We are not quite done taking testimony, but nearly so. The subcommittee unanimously favors to discontinue the taking of further testimony."

In his statement Chairman Clayton cited the precedent of the case of Secretary of War Belknap, who was impeached and tried by the senate, after his resignation had been accepted by President Grant. The articles of impeachment against Belknap failed to receive the necessary two-thirds vote in the senate. In conclusion Mr. Clayton says:

Main Object Accomplished.

"The main object of impeachment being to get rid of an unfaithful officer, having been accomplished in this case by the resignation of Judge Hanford, if it is true that he was unfaithful, there seems to be no necessity for impeachment in order to disqualify him from hereafter holding any office of honor or profit under the United States. I take it that no president will ever appoint him and no constituency would ever elect him to any office of honor or profit. Of course there will be no formal action on the part of the committee on the judiciary until a report is made by the subcommittee which I appointed to investigate the alleged misconduct of Judge Hanford."

Representative Berger, the Socialist member from Wisconsin, who introduced the resolution which began the impeachment inquiry of Hanford's conduct, announced he would drop the matter.

"It closes the case so far as I am concerned," he said. "I take Judge Hanford's resignation as an admission of guilt. It cannot be construed otherwise."

Judge Hanford's resignation was received at the White House as President Taft was starting for the golf links. His telegram to the president read as follows: "I hereby resign my office as United States federal judge. Letter will confirm."

President Taft will take no action until the letter reaches Washington.

IS PROUD OF HIS RECORD

Judge Hanford Issues Statement Scor-
ing His Enemies.

Seattle, July 23.—Soon after United States District Judge Cornelius H. Hanford telegraphed his resignation to President Taft, E. C. Hughes, his chief counsel at the congressional investigation, said that the judge had desired to resign several weeks ago, but could not well do so with no evidence heard in the case. The judge and his friends, according to counsel, are satisfied with the showing made by him in the hearing, which, they say, did not sustain the charges.

That the judge was eager to resign was kept a secret from all persons in Washington and from everybody in Seattle except his counsel.

Judge Hanford's statement scored those who had testified against him and declared he was only glad that his record is what it is.

LORIMER ARRIVES QUIETLY

No Delegation of Admirers at Chi-
cago Depot.

Chicago, July 23.—William Lorimer arrived over the Pennsylvania railroad. He was met by his son and declared he had suffered no serious injury in the automobile accident.

He declined to discuss the finding of the senate against him. With his son Mr. Lorimer started to his summer home on Piskakee bay.

Contrary to the expectation of many there was no delegation of admirers to welcome him with a brass band.

Inventor Is Accused of Misuse of Syn-
dicate's Money.

New York, July 23.—A suit in behalf of the members of a syndicate which advanced money to Nicola Tesla, the inventor, to enable him to perfect a transformer, was filed in the supreme court against Tesla and Edmund K. Stallo, who organized the syndicate. The plaintiffs say that the syndicate agreed in 1906 to advance \$10,000 for Tesla's inventions. Of this amount \$3,500 was turned over to be used for the actual manufacture of transformers, on which the defendants were to make a profit of \$58,000. Instead of manufacturing he used the money for experimenting, the plaintiffs allege. The return of the \$3,500 and the \$58,000 estimated profit is asked.

TAFT IS PREPARING
ACCEPTANCE SPEECHLeaders Expect Important Cam-
paign Contribution.

Washington, July 23.—President Taft began preparation of his speech accepting the presidential nomination of the Republican party. Shut up in his study in the White House, with all engagements canceled, the president surrounded himself with data that will be used in what Republican leaders expect will be his most important contribution to the campaign. Although he got but a little way along toward a complete speech it was said that his main argument for re-election to the committee of notification would be based on the achievements of his administration and upon the tariff.

Republican leaders believe that the president will point to the differences between the Republican and Democratic platforms, especially with respect to a tariff plank. They are hopeful that the president's argument for a protective system will be helpful in the campaign and there is little doubt that the speech will be introduced in congress later and will be used as a document by the national committee.

In his record of achievements Mr. Taft is expected to refer to the administration's legislative activities and the trust prosecutions it has instituted and brought to a successful conclusion.

The speech will be delivered from the rear portico of the White House Aug. 1.

THAW DECISION IS AWAITED

All the Evidence Is in and Jerome
Files Brief.

New York, July 23.—The case of the slayer of Stanford White, who has been fighting through habeas corpus proceedings in White Plains to obtain his release from the Matteawan asylum, was officially closed when William Travers Jerome, attorney for the state, submitted his brief against giving Thaw his freedom.

Justice Keogh will hand down his decision the latter part of this week or the first of next.

DENEEN TO SUPPORT TAFT

Illinois Governor Will Stand by Re-
publican Ticket.

Springfield, Ill., July 23.—The committee of the National Progressive party, after conferences with the state officers who are candidates on the Republican ticket for election next November, issued a statement in which they declared a third state ticket would be named in Illinois. Governor Deneen, Attorney General William H. Stead of Ottawa, Auditor James S. McCullough of Champaign and Secretary of State Cornelius J. Doyle of Greenfield told the committee they would support President Taft.

Tired Baby Sits on Track.

Houghton, Mich., July 23.—Tired out after a long play the two-year-old son of Mrs. Joseph Couthier of Tamarack Mills, near here, toddled to the track of the Copper Range railway and sat down to rest. A few minutes later a passenger train came thundering along. The engineer saw the baby and tried to stop, but too late. The little boy was ground to death.

QUESTION FOR
CONGRESSMENWhich Presidential Candidate
Will They Support?

THEIR OWN CHANCES AFFECTED

Probably Won't Be Allowed to Go Both
on Taft and Roosevelt Tickets—Sen-
ator Burton an Able Speaker, but
Seldom on the Winning Side in
Cases of Great Importance.

By ARTHUR W. DUNN.

Washington, July 23.—[Special.]—Here is a nice question for Republican candidates for congress to decide: Will they support Taft or Roosevelt in the coming campaign? "Under which flag, Bezonian?" If a nice arrangement could be made whereby the congressional candidate could go on the Taft ticket and also on the Roosevelt ticket there is a probability that he might have things pretty much his own way. But in many states this is impossible, and it is also probable that Roosevelt will make all candidates for all offices "fish or cut bait." They will have to take sides or there will be Roosevelt candidates for congress in their districts, which would tend to elect Democrats.

Very Much Disturbed.

Although many of the regular, or stand pat, Republicans assert that they are tired of the game and are willing to let the "whole thing go," they are really very much disturbed. They lose their committee places and prestige in the house if they are defeated. They possibly will lose the opportunity of renomination, and, say what you will, the vast majority of the members of the house are very anxious to stay in congress and to hold the places which they have on committees. They do not want to lose the possibility of good chairmanships when the Republicans come into power again, and every Republican congressman confidently predicts that it is only a question of time when the Republicans will be restored to power not only in the house, but in other branches of the government.

Out in the Campaign.

Progressive senators do not wait until the nominations are made at Chicago for a third ticket, but are now out in the country campaigning for the progressive principles and whoever may be named at that convention. Among the most effective speakers from the senate are Clapp of Minnesota and Polinder of Washington. Both are men with strong voices, and their deep tones charm the people who want a new deal in politics.

Does Not Win.

It is a remarkable fact that Senator Burton of Ohio is one of the men who is always recognized as able, honest and effective as a speaker, but he seldom seems to get on the side which wins in the great cases before the senate. He has often told the senate the facts about river and harbor improvements and the senate goes forward and does something else. Senator Burton has told the senate that the contention of England in regard to canal tolls is right, but the probabilities are that the senate will go ahead and give American ships free tolls while charging other nations for its use.

Whom Will He Fight?

"Roosevelt must make his fight on Wilson," remarked one of his senatorial friends who is not a progressive. "If he fights Taft he will split the Republican vote and elect Wilson. He must get his votes from Republicans, and the way to do that is to fight the Democrats." The probabilities are that Roosevelt will fight both Taft and Wilson.

Tax on "Weepers."

Congressman Sisson of Mississippi will never get the cowboy or the "bad man" vote. He has introduced a bill levying a tax of \$2 on each deadly weapon manufactured or sold. His bill covers pistols, dirk knives, bowie knives, sword canes, stiletos, brass and metallic knuckles. The tax is high enough to be almost prohibitive, for a 25 per cent tax is added at the factory. The man who thought so much of his "weepers" will not be in favor of such a bill. But there is a growing sentiment that deadly weapons have become altogether too numerous in this country.

Not Very Enthusiastic.

There were two men of the subcommittee of the Republican national committee who came to Washington to select the campaign manager whom Mr. Taft wanted who were not at all enthusiastic. They were Roy West of Illinois and Thomas K. Neidringhaus of Missouri. Both of these men were for Roosevelt, but they did not go to the extent of leaving the party.

Billy Hughes' Suspenders.

As a sort of floor manager for Governor Wilson Billy Hughes was quite conspicuous in the Baltimore convention and particularly when he had his coat off and displayed a fine pair of blue silk suspenders. They received much comment, especially from the ladies who had an eye for beauty. "I can't keep my trousers up without suspenders," explained Hughes to his friends in the house who were passing along the comments they had heard, "and I think it was more discreet for me to keep on suspenders than go without them. Blue is my favorite color," he added.

A Dare.

He (angrily)—I believe you'd marry the first fool that asked you. She—Try me!

BUTTER BOARD PROSECUTION

Government Officials Confer Regard-
ing Alleged Monopoly.

Chicago, July 23.—United States District Attorney James H. Wilkerson, Charles F. Dewdney, superintendent of the department of justice, and several assistants held a long conference regarding the possibility of bringing criminal action against the Elgin butter and egg board as an alleged monopoly in restraint of trade. The proposed action by the government, it is said, is the result of revelations made in a civil case now pending before Charles B. Morrison, master in chancery.

FIVE MEN ARE HELD
IN MURDER CASENew York Police Still Probing
Death of Gambler.

New York, July 23.—Bald Jack Rose, Sam Paul, Bridge Webber, William Shapiro and Louis Libby, all held by the police for complicity in the murder of Herman Rosenthal, the gambler, early last Tuesday morning, were arraigned before Coroner Feinberg.

The results of the hearing, in which the district attorney won the first scrimmage with the attorneys for the accused, are chiefly as follows:

Rose, gambler and friend of Lieutenant Becker, whom Rosenthal charged with being his partner, was held without bail for the coroner's inquest Thursday. Rose is said to have hired the "murder car" in which the gun men later went to assassinate Rosenthal.

Louis Libby, part owner of the automobile, was held for the presentation of further evidence Thursday and the case of William Shapiro, chauffeur of the car, was likewise put over to that date.

Bridge Webber, in whose place in

Forty-second street the gun gang is

said to have congregated, and Sam

Paul were held without bail until

Wednesday.

IRISH FESTIVAL FOR CHICAGO

CHURCHILL FEARS GERMANY

Tells House of Commons of Plans to
Build Twenty-one Ships.

London, July 23.—Winston Spencer Churchill, first lord of the admiralty, in introducing the supplementary naval appropriation of \$5,000,000 in the house of commons, said the direct cause of the increase in expenditure on the British navy was to be found in the new German navy law, the main feature of which was the increase in the striking force of ships of all classes.

The effect of the new German navy law would, he said, be that nearly four-fifths of the entire German navy would be maintained in full permanent commission and instantly ready for war. He said:

"Such preparation is remarkable and as far as I am aware finds no example in the previous practice of modern naval powers."

Mr. Churchill then announced the British building program for the next five years, saying that five battleships were to be constructed next year and four in each of the following years.

POLITICAL POINT, NOT LEGAL

Kansas Court Rules Roosevelt Elec-
tors Shall Stay on Ballot.

Topeka, Kan., July 23.—The question of whether Roosevelt or Taft presidential electors shall go on the Republican ballot in November must be left to the voters of Kansas and not taken into the courts. The names of the Roosevelt presidential electors remain on the primary election ballot. The Kansas supreme court held that the whole row in the Republican party was purely political and not legal.

ADMITS MURDER OF CHILDREN

Prince Edward Island Woman Killed
Five With Poison.

Charlottetown, P. E. I., July 23.—Mrs. McGee, the wife of a farmer near Georgetown, who has been found guilty of the murder of her five children, has made the following confession:

"I, Minnie McGee, confess to having administered the ends of matches, containing sulphur and phosphorus, to my children in April last. I gave it to them in sugar and water. I was feeling bad at the time I did it."

This statement was filed in court.

James A. Peterson is going to dis-
cuss Senator Nelson's record unless the
senator notifies him at once that he
is not a candidate. Knute Nelson
will undoubtedly invite the discus-
sion.

Senator Clapp is busy campaigning
in Kansas and will not be in attend-
ance at the state mass meeting in
St. Paul on July 30th, at which time
the third party movement is to be
launched in Minnesota.

The democratic candidate for the
presidency will not resign his job
as governor of New Jersey during
the campaign. A bird in the hand
is worth two in the bush and Gov.
Wilson will take no chances on be-
ing out in the cold entirely.

Two Minneapolis dairymen have
been arrested and fined for selling
milk containing more than 500,000
bacteria to the cubic centimeter.
Dairymen should be satisfied by be-
ing allowed the 500,000 and should
be made to drink their own milk if
they exceed the limit.

Wm. R. Merriam, once a power in
Minnesota politics and former gov-
ernor of the state, says every man on
the Minnesota delegation in congress
wants to see Senator Nelson re-elec-
ted. The people of the state he rep-
resents would miss him as well as
his colleagues, and his services to
the state and nation cannot be over-
estimated.

Jim Tawney has set the minds of
those who feared he would enter the
field for congress in the First district
against Sidney Anderson at rest by
announcing that he would not again
be a candidate for congress, and
tells why in the following language:
"With the aid of the democrats the
republicans of this district have de-
prived themselves of a representa-
tive in the congress of the United
States, and I am not disposed to again
be the target of the democratic party
in this congressional district."

The Long Prairie Leader, a strong
progressive paper, is opposed to the
third party movement and believes
the wrongs can be righted within the
party more effectively than by de-
serting the millions of republicans in
the United States who are patriotic
and progressive and leave the con-
trol of the party to the reactionar-
ies, and adds "Isn't it better to take
a licking this fall if in the defeat we
can purge the party of its un-repub-
lican leadership." The progressives
who have principle at heart are not
the ones looking for a third party.

The Roosevelt following in Min-
nesota will not follow the Michigan

idea if some of the sober heads in the
movement can control matters, the
statement being given out that a
third party state ticket will not be
approved at the state mass meeting
in St. Paul July 30th. It is quite
likely that it will be put before the
convention, but Mr. Halbert, who
seems to be the dictator, says it would
be suicidal. Senator Dixon, Mr.
Roosevelt's manager, has sent word
that Minnesota should follow the ex-
ample of Michigan and there is some
excitement in the camp. A third
party state ticket would necessitate
third party congressional and coun-
ty tickets and for that reason many
Roosevelt men are beginning to think
that the movement needs arresting
for exceeding the speed limit.

Col. Freeman Thorp has returned
from Washington, D. C., where he
scored two great successes. The por-
trait of Langdon Cheeves, of South

given to have it remodeled. Artist
Mosier's work of remodeling was re-
jected. This commission was then
entrusted to Col. Thorp and so well
did he execute his task that it was
promptly accepted by Mr. Blashfield,
of New York, who succeeded Mr.
Millett on the art commission. Con-
testing against the whole field of
American painters, Col. Thorp was
awarded the commission of painting
a portrait of Governor Harmon, of
Ohio.

YOUNG LAD HURT BY FREIGHT TRAIN

Harold Levi, Aged 9, Son of H. J. Levi, Has Foot Almost Severed Monday Evening

WAS PLAYING NEAR THE TRACKS

Taken to St. Joseph's Hospital Where Doctor Will Make Every Effort to Save the Leg

Harold Levi, aged 9, the son of Mr. and Mrs. H. J. Levi, 708 First avenue, Northeast, was badly injured Monday evening by a passing Minnesota & International railway freight train as the lad was playing near the tracks in the neighborhood of his home.

The boy had been throwing stones and saw one near the tracks when the train was passing. He reached after it and was drawn in by the suction of the moving cars. From a space a foot above his left foot the flesh was stripped from the bone, the tendons exposed, the heel torn off and masses of bleeding flesh scattered about where the accident occurred. Dirt and cinders were ground into the gaping wound.

Dr. F. J. Sykora was summoned and the lad was removed to St. Joseph's hospital. The wound was cleaned and patches of skin were used to graft on the flesh. The surgeon will make every effort to save the foot and will add additional skin grafts by taking some from the patient's thigh and transferring it to his foot.

DECIDE ON PICNIC ARRANGEMENTS

Merchants and Clerks to Hold Meeting at Middlemass Shoe Store at 7:30 This Evening

DEERWOOD'S GENEROUS OFFER

Sec'y. Charles G. Osterlund Telephones Dr. Werner Hemstead Latest Deerwood Bid

The merchants and clerks will hold a meeting at 7:30 this evening at the Middlemass shoe store and the picnic committee, Mayor H. P. Dunn, Dr. Werner Hemstead and Ed. Levant, will confer with the others present and decide on the arrangements for the second annual picnic of the merchants and clerks.

In a telephone message to Dr. Werner Hemstead, Charles G. Osterlund, the secretary of the Deerwood Commercial club stated that Deerwood would furnish a free boat to carry the picnickers across Serpent lake to the picnic grounds and also 15 rowboats free and would build benches and tables for the picnic party and clear up the grounds in first class shape.

All merchants and clerks are asked to attend tonight's meeting when the final arrangements will be perfected, the place and date of holding the picnic decided and other matters attended to.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

All members of the Modern Brotherhood of America are requested to attend Tuesday evening's meeting July 23, as the question of rates will be discussed. Ice cream will be served and a dance will be given during the social hour.

FINDING THE BEST WHEAT

How the Judges Will Find the Best Five Bushels of Wheat in the American Northwest

WINNER GETS \$5,000 PRIZE

Offered by the Northwestern Products Exposition in Minneapolis in November

How the judges will find the best five bushels of wheat in the American northwest and determine who is entitled to the \$5,000 prize offered at the Northwestern Products Exposition in Minneapolis in November, is told in a booklet received by the commercial club of Brainerd from the Northwestern Development league.

Three judges will be selected from without the seven states by the presidents of the agricultural colleges and presidents of the grain exchanges.

Judging will be in three ways, one third of the points on the accepted seed score card; another third by points gained in a milling and baking test, while one third of the possible one hundred points will be awarded for the yield per acre.

Here is about the way wheat is judged: 25 points on weight per bushel and five points on uniformity of sample; 15 points are allowed on variety characters, three of those being one color; 10 on purity which means the kernels must be true to type of the breed represented; two points for kernel shape which varies with the breed.

Thirty points are allowed for vitality, five of these being for luster; 15 points for plumpness as all kernels should be well rounded, having no sharp corners and the creases well closed. Seven points are on odor, the samples must be free from foul smell.

Twenty-five points are allowed for market condition; 10 of these to cover weed seed; three for dirt and dust; two for injured kernels; five for smooth and five the condition of the bran. All broken, and scabby kernels will count against the wheat.

According to the rules governing the \$5,000 wheat contest to be held in connection with the Northwestern Exposition in Minneapolis Nov. 12-23, those who intend to compete for the prize should give notice as soon as possible that bin room may be provided for each exhibitor.

All samples must consist of five bushels of threshed grain and from five to ten sheaves which are from 6 to 10 inches in diameter and from the same field. These must be sent prepaid to the Northwestern Products exposition, Minneapolis, so they will arrive before Nov. 1.

Special arrangements may be made with the Brainerd Commercial club to have these samples of wheat sent down to Minneapolis free of cost. No entry fee of any kind will be charged by the exposition, but because a part of each sample will be ground into flour, the whole sample becomes the property of the exposition management.

FOLEY'S ORINO LAXATIVE
FOR STOMACH TROUBLE AND CONSTIPATION

HOW J. DOHERTY WAS SHOT SUNDAY

Pete Dryburgh Makes a Statement About the Accident Near Boom Lake Sunday Evening

INJURED MAN AT HOSPITAL

Drains Placed in Intestines and Recovery Probable If No Infection Sets In

Pete Dryburgh, who was with John Doherty and Ralph Mussulman at Boom lake on Sunday evening at the time Doherty, the cigarmaker, was accidentally shot, has made the following statement:

"I met Ralph Mussulman and John Doherty Sunday afternoon and we walked around on the south side. Each of us had a 22 rifle. Something went wrong with my gun and Doherty and myself exchanged rifles. We had all been shooting at logs in the river near Boom lake.

"I carried Doherty's gun, which had been left cocked when handed to me. Mussulman was the first to cross the boom at Boom lake and was followed by Doherty who waited on shore for me. This all happened at about 4:30 or 4:45 in the afternoon of Sunday, July 21.

"I carried the gun in my right hand and it was accidentally discharged, striking Doherty. Mussulman did not even hear the shot. Doherty cried out: 'Ralph, I am shot.' Mussulman caught him as he fell in his arms and he laid him on the ground.

"We telephoned for a doctor and Dr. Beise came in 15 minutes after the accident and we helped put Doherty in the car. Then we also telephoned his parents at St. Cloud and waited for them at the midnight train and took them over to the hospital."

Dryburgh is a single man aged about 23 and is employed as a paper hanger by C. M. Patek. He has been in Brainerd about four months, and is a native of Scotland.

Ralph Mussulman is a single man aged about 20 and works for McCarthy and Wallace, the painters.

Both boys express their deepest regret over the accident. They were the best of friends and the accident came as a shock to both of them.

Doherty spent a sleepless night at the hospital and did not feel like talking with any visitors. The doctors have placed drains where the intestines have been severed and are exercising every possible precaution to prevent infection or the dreaded peritonitis.

The accident was witnessed by a party of girls who were picnicking on the south side and happened to glance in the direction of Boom lake when the shooting occurred.

BODY IS CREMATED

The Ashes Will be Sent to Horton, N. Y., for Burial, His Former Home—Wife Buried There

The body of Ransom Phelps, who died last Saturday at Crooked Lake, Minn., where he had made his home since 1871, is being cremated today at Forest cemetery. It was accompanied by his two closest friends, former Senator Joseph C. Woods and Dr. J. A. Quinn, and by A. W. Honywill, Jr., New Haven, Conn., husband of Mr. Phelps's niece.

There were no funeral ceremonies. Mr. Phelps in his earlier days was one of the most expert telegraphers in this country. He was employed in taking war dispatches at Washington, D. C., and took the first message announcing the surrender of Lee to Grant. A copy of the famous message is among his effects.

He was also chief train dispatcher for the Michigan Central railroad at the time when trains were first dispatched by telegraph. At that time D. Wilmot Smith was superintendent of the road, and the two men became fast friends, and settled in 1871 at Crooked Lake.

The ashes will be sent to Horton, N. Y., where Mrs. Smith is buried. Mrs. Grace Honywill and her husband, A. W. Honywill, division superintendent of the Midland division of the New York, New Haven & Hartford railroad, were to have spent their vacation with Mr. Phelps. They arrived at his home last Friday evening in time to bid him a last farewell.—St. Paul Dispatch.

Former Brainerdite Dead

The International Falls Daily Journal says: "Blair S. Hoar, connected with the business department of The Daily Journal was called to Minneapolis Sunday by the death of his father, which occurred the previous day in that city. Deceased was a railroad man of prominence, having had charge of the construction of the M. & I. north of Brainerd and held other important positions. Death was due to Bright's disease. Mr. Hoar has the sympathy of his friends in his bereavement."

The deceased will be remembered by the readers of The Dispatch as a former resident of this city where he resided for some years with his family during which time he occupied the position of general superintendent of the Minnesota & International road, afterward removing to Minneapolis. His wife died in the latter city two or three years ago. Blair Hoar, his son mentioned above, is well known in Brainerd and with his family visits here frequently. Brainerd friends of the family will extend their sympathy.

MINNESOTA STATE SPORTSMEN SHOOT

Association Tournament to Be Held Under the Auspices of the Warroad Gun Club at Warroad

THURSDAY & FRIDAY, JULY 25-26

\$500 Added Money at This Second Annual Shoot—Many Visitors Are Expected

\$500 added money will be contested for at the second annual shoot of the Minnesota State Sportsmen's association to be held under the auspices of the Warroad Gun club at Warroad of this state on Thursday and Friday, July 25 and 26.

This is a registered tournament, to which the Interstate association has contributed \$200 as a part of the Squier money-back special fund. The Interstate association was formed for the encouragement of trap shooting.

The annual meeting of the Minnesota State sportsmen association will be held at the Lyceum theatre Friday evening July 26, at nine o'clock when new officers will be elected and other business attended to.

The Minnesota state championship shall consist of 50 single targets, 16 yard rise, 25 targets each day. The entrance fee shall be \$2.50, of which 50 cents of each entry shall go to the club holding the shoot, 50 cents to the Minnesota State Sportsmen's association and the balance of the purse to be divided 50, 30 and 20. All ties shoot off, miss and out.

The winner is entitled to the handsome trophy, a silver loving cup, elaborately engraved, and 50 per cent of the purse the year he wins it. The balance of the purse is to be divided among the high guns. No shooter shall be considered eligible to compete in the state championship events unless he is a bona-fide resident of the state of Minnesota and a member of the club which is a member of, and in good standing with, the association.

An optional sweepstake shoot will be conducted on the steamers "Kaute Nelson" and "Isobe," Saturday, July 27th. A large will be towed 16 yards behind the steamers with a trip thereon throwing birds 16 yard rise, 50-yard flight.

The trip on the beautiful Lake of the Woods, in addition to the novelty of the shoot, will afford the guests of the Warroad Gun club a day of pleasure.

The boats will journey first to Buffalo Point from Warroad. At this point, the guests, will have the privilege of seeing pond nets, containing tons of fish, lifted at one of the prominent fisheries. From Buffalo Point the boats will steam to Gull Rock, where live birds may be substituted for the Blue Rocks. From Gull Rock the pleasure seekers will return to Warroad. Continuous shooting may be had enroute.

By special arrangement the Warroad Gun club has provided steamers to transport those persons wishing to travel via Lake of the Woods and Rainy River to Baudette, to attend the regular shoot on Monday, July 29th, and at Spooner on Tuesday, July 30th. This trip is a five hour run from Warroad to Baudette and Spooner.

The Great Northern and the Canadian Northern railways are giving a rate of a fare and a third for this occasion on the certificate plan.

This is an excellent opportunity for the sportsmen of the state to visit the Lake of the Woods country, and also for anybody else that might be interested in an outing in this part of the state.

The Duluth and Virginia sportsmen are coming in a special car to attend this event. There will also be tournaments at Baudette and Spooner on July 29th and 30th.

"An Unusual Sacrifice"

A picture far above the ordinary. Telepathy, which is the faculty claimed by some by which the mind of one man is enabled to make his thoughts real and clear to the mind of another at a great distance, is utilized to give a strange and weird climax to this unusual picture. The picture is well acted and the photography is excellent.

"She seems to be a natural flirt," he said.

"Natural?" the woman impatiently replied. "There's nothing natural about her but the framework."—Chicago Record-Herald.

The Uncertain Apple Tree.

An apple tree is the result of a graft from the tree that is known to be a producer of a certain kind and flavor of apples. If the seed were planted and one relied on it to produce a select grade of fruit the result would be disappointing, for the reason that from the seed the most remarkable varieties will be shown. Perhaps they will be miserable little crabapples or misshapen, bitter fruit or a useless conglomeration. The seed somehow or other harks back to its origin, notwithstanding years of cultivation. The varieties of apples known today are a result of careful selection and constant grafting of the better kind from year to year until the present development has been attained.—Harper's.

Handsome Goethe.

Goethe was pronounced "the handsomest man of Europe." He was a little over six feet in height, but so well proportioned that he did not seem tall. His features were of the Roman type, his hair rather light than dark, his whole appearance commanding. Even to extreme old age he retained a large share of the personal good looks that earlier in life had made him so attractive.

The Unexpected.

Prizefighter (entering school with his son)—You give this boy o' mine a thrashing yesterday, didn't yer? Schoolmaster (very nervous)—Well—I—er—perhaps— Prizefighter—Well, give us your 'and. You're a champion. I can't do nothin' with 'im myself.—London Punch.
